K-2 Classroom Updates

This week in the K-2 classroom meant fun, good-byes, and lots of learning. We had a blast with the 3rd-8th graders on Wednesday during the fall festival games! We also said good-bye to Isaiah N. We will miss him and his family as they move to Green Bay, but we are excited for the new adventures they will have!

We are learning lots in math! Second grade is learning about double-digit addition with regrouping and first grade is learning addition strategies for sums to 20. Kindergarten is learning about making number combinations to 10. We have also been learning about elections and voting during our thematic time. This week, we will hold an election to determine our class mascot. Look for the results next week!

3-5 Classroom Updates

Grades 3-5 really enjoyed the Fall Festival activities on October 31. The scooter track was a favorite. 6 students completed the October Kwik Books challenge. That free pizza will taste great! November's challenge is to finish a whole "color" of SRA activities. We are looking forward to fun phy. ed. times in the Community Center gym. Don't forget those gym shoes!

6-8 Classroom Updates

Our Student Council and other upper grade students enjoyed putting on a "Fall Festival" for grades K-8 on October 31. The Student Council planned out games, brought in candy, and ran the event. We had a lot of fun leading the younger students through some fun activities.

This week we talked about Martin Luther. We discussed how he helped turn many people back to the truth of God's Word after the true gospel message had been lost for many years to many people. The common teaching of Luther's day was that people needed to work to earn their salvation and forgiveness or that they even could purchase these things through indulgences. Martin Luther helped re-discover that this message that was being taught was very much the opposite of what the Bible actually teaches. The Bible teaches that Jesus has already fully and freely forgiven us of all our sins. Ephesians 2:8-9 makes it very clear that we aren't saved by anything that we do, but, rather, by the fact that Jesus has already done it all for us. The victory over sin and death is already won! Through faith in Jesus, we have heaven!
