Monday, March 4th!**

2

**Lutheran Education Week
March 4 - March 10**

3

**Science Fair Projects Displayed
March 6- March 10**

General School Updates

Kindergarten Round Up - Monday, March 4th

On Monday, March 4th we will be hosting our annual Kindergarten Round Up from 6-7 P.M. Any students that have already enrolled or are considering enrollment in our kindergarten program for the upcoming 2019-2020 school year are invited to come and spend some time in our K-2 classroom, talk with Miss Yotter, do some fun activities, and ask any questions about next school year. This event will be going on simultaneously with our monthly Messy Monday event. Families are encouraged to participate in both!

Lutheran Education Week - March 4-10

From Monday, March 4th through Sunday, March 10th we will be celebrating "Lutheran Education Week"! During this week we take time to remember the awesome blessing we have in our Lutheran school. What a priceless blessing is to know that our children are not only growing each day academically, but every day are also encouraged to learn more about their Savior, Jesus. At Saint Peter Lutheran School, God's Word truly touches everything that we do. With everything taught and reacted to from a perspective that is grounded in the Bible, children gain a "Gospel Mindset" that leads them to see Jesus as the center of and most important part of their lives. The education they receive at SPLS not only prepares them for this life, but also for their eternal life in heaven! We thank God for this gift of a Lutheran education!

Throughout Lutheran Education Week we have some special events going on. On Monday, March 4th we have Messy Monday for our preschool kids as well as our Kindergarten Round Up. On Wednesday, March 6th, our school families will be serving the Lent dinner between Ash Wednesday services, our science fair projects will be displayed throughout the week, and on Sunday, March 10th our K-8 students will be singing for Lutheran Education Sunday. We hope you can join us for some or all of these events!

Little Lambs Preschool Updates

We started our unit on Taking Care of Our Teeth. We enjoyed pizza math where we used pizza dough and pizza cutters to cut different shapes and thickness. We also used pepperoni as counters. The children really enjoyed our erupting volcano for letter "V" week.

The week of March 4th -8th:

Letter: Ww

Color: Green

Shape: Diamond

Bible Story: The Good Samaritan

Memory Treasure: Galatians 5:13 Serve one another in love.

Reminders:

- Tuition is due
- Messy Monday the 4th 6:15-7:00

K-2 Classroom Updates

The K-2 classroom is trying to solve a mystery in science. What melts snow faster: vinegar, water or salt? Make sure to check out our science fair project next week (or ask a K-2 student) to find out the results of our experiment.

The first and second graders are also creating mysteries and solving troubles in their fictional writing unit. They are learning about how writers tell details about the characters and sometimes create a series of books about the same character. We have been looking to the experts, like the authors of Dogman, Magic Tree House, and Junie B. Jones.

3-5 Classroom Updates

Grades 3-5 have spent time getting ready for Lutheran Education Week. Be sure to read the Bible verses we selected to put on the footprints that follow Jesus in our entry hall.

In the Commons, come check out our Science Fair project, complete with a power point presentation we made ourselves! We had fun doing our investigations and preparing our displays together.

Then take a walk upstairs. In our hallway you can see several art projects, posters we made featuring the Southwest states, examples of our descriptive writing, and the third and fourth grade reading project, which is a large mosaic banner depicting the Zuckermann barnyard from the novel *Charlotte's Web*, by E. B. White.

We look forward to serving meatball soup on Ash Wednesday at 5:30 between the Lenten worship services. What a blessing to have our Christian school. We are privileged to thank God for our school in many, many ways. See you soon for Lutheran Education Week!

6-8 Classroom Updates

We have had a lot of fun this week starting our new novel titled Walk Two Moons by Sharon Creech. This novel definitely has some silly and bizarre scenes in it. We have had a good laugh together at some of these scenes during the chapters we read together in class each day.

We are on the final publishing stage of our short stories that we have been writing over the past few weeks in English classes. We are using a website called Blurb to publish actual books of our short stories. We look forward to finishing them up and then ordering our own personal copies to keep.

It felt rewarding for our students in the upper grade room to wrap up their science fair projects this past week after working so hard on them over the past couple of months. Look for them to be displayed for Lutheran Education week in the commons area of our facility!
