General School Updates

School Pre-Registration Forms and Registration Fee for 2019-2020 (Early Registration Due April 1st!)

Don't forget that the registration deadline to receive a discount for next school year is April 1st. Families that turn in registration paper work and pay their registration fee by April 1st will have their registration fee count towards tuition for next school year. Any financial aid applications are also due by April 1st. Let us know if you need any additional copies of any of this paperwork.

Miss Yotter Returned Her Call!

You may recall that Miss Yotter had received a call to teach Kindergarten in LaCrosse, Wisconsin. She recently informed our congregation that she intends to remain at Saint Peter Lutheran School. We are excited to have her continue with us. This means we will have the blessing of bringing back our entire teaching staff for next school year again. God is good!

Warmer Weather is Finally Here! (But don't forget your coats!)

We are overjoyed to be able to finally be outside in warmer weather without needing all of our snow gear. Students are reminded that coats (not sweatshirts) are still required when the temperature is below 50 degrees at recess time. While the weather is certainly warming up, many days in the near future still have a predicted high below 50 degrees at the time of our noon recess. Please continue to bring along a coat each day to have one in case the temperature doesn't climb to 50 or above by recess time.

K-2 Classroom Updates

The K-2 classroom is very much enjoying the the warmer weather and the time outside! We especially love that we don't have to put all our snow gear on to go outside! We are hoping the warmer weather continues!

This week also meant it was our last week with Miss Cody. We have loved having her in our classroom over the past ten weeks. We have learned so much from her and we pray she has learned a lot too. We wish Miss Cody God's richest blessings as she completes her second student teaching placement in Cedar Mountain and graduates this May. Thank you, Miss Cody!

3-5 Classroom Updates

The fourth quarter has arrived! It is hard to believe we are so close to Easter, May events, and then summer vacation. All the snow days made the third quarter pass quickly. And we are just through another short week.

Math work with fractions and decimals continues. Measurement and geometry are up next. We are taking a break from grammar and are back to writing, this time persuasive articles. We are enjoying reading suspense-filled historic novels. This coming week we will take a break from science and return to social studies, where we will study the Pacific states and learn our last state capitals song.

We are looking forward to April with visits from community leaders, Easter vacation, and, of course, research paper camp.

6-8 Classroom Updates

We are excited that this week marked the beginning of the 4th and final quarter of the school year! The year has flown by! With the weather warming up, it feels like summer will be here before we know it! It is beginning to sink in for some of our 8th graders that they have entered into the final quarter of their grade school careers. We challenged each other to end the year in a strong way academically by setting goals for the end of the year.

We began our new novel, Esperanza Rising, this week. This book is about a girl from Mexico during the early 1900's whose life gets turned upside down after the death of her father. Her family heads to America to make a new life and pursue the "American Dream". This book reminds us to show love and respect to immigrants to our country and be encouraging towards them as they face many challenges. We reminded ourselves that all people are loved by God and that God wants us to show love to all people as well - even those of different backgrounds than us!
