Fall into Sin	P. 18-25	P. 28-37	Genesis 3
Noah's Ark	P. 26-33	P. 38-47	Genesis 6-9

# General School Updates

## **Student Teachers Have Arrived!**

Two student teachers from Martin Luther College in New Ulm are at our school. They will be with us for 10 weeks as they finish off earning their degrees in elementary education. As the weeks go by, they will teach more and more subjects and work with our teachers as they train to become full time teachers in a WELS elementary school like ours. We welcome Mrs. Voss to the K-2 grade room and Mrs. Routhieaux to the 6-8th grade room. Please greet them and help them feel welcome on our campus!

## **No Hot Lunch on Monday - Monday, September 9**

There will be no hot lunch offered on Monday, September 9 due to a funeral and funeral luncheon being held at church. Please send a cold lunch with your child to school. Since we will not be able to use the fellowship hall, students will not have access to a microwave. Please avoid sending anything that needs to be heated up.

## **Parent Pick-Up Day (No PM Bus Service) - Friday, September 20**

Since the public schools have an early release day on Friday, September 20th, there will be no afternoon bus service on that date. Please make arrangements to have your children picked up after school if they normally ride the bus home. This parent pick-up day was accidentally left off the master school calendar. We apologize for that mistake!

# Little Lambs Preschool Updates

We had a great second week of preschool. We are learning to work together and follow directions. Some of our favorite things are play dough and the story of A Soup Opera.

## **Week of September 9th-13th :**

**Letter:** "Bb"

**Color:** Brown

**Shape:** Square

**Theme:** Apples

**Bible Story:** God Creates the First People

**Memory Treasure:** God...made us, and we are his. Psalm 100:3

God bless your week!

## K-2 Classroom Updates

The K-2 classroom welcomed Mrs. Voss to our room on Tuesday. We are thoroughly enjoying having her in our room and are excited to learn a lot from her as she teaches us over the next few weeks. This week, we learned a lot about our brain and how it has different parts that help us. We learned about the hippocampus and the amygdala. We learned that our brain can stretch and grow like bubble gum. We also learned that mistakes mean we are trying new things and can learn even more. We also learned that when do the same thing again and again, it helps our brain strengthen that pathway and helps us do it faster and better the next time.

## 3-5 Classroom Updates

Wow! What a week of changes. We are ready to start cursive writing next week. In math we raced in from place value to rounding. We have written more sentences than we ever believed possible, and we even remember to use capital letters and end punctuation--most of the time! We've enjoyed collaborating on making science drawings to explain new words. Working in our pod groups is fun. Best of all we are learning the wonderful accounts of Genesis in the Old Testament. All of us need the reminders of God's promises every day. Our God is so good.

## 6-8 Classroom Updates

We were excited to welcome our student teacher, Mrs. Routhieaux to our classroom this week. She will be with us for 10 weeks as she trains to earn her teaching degree. We look forward to getting to know her more in the days ahead!

We have been enjoying our first novel of the school year titled Number the Stars by Lois Lowry. The story has kept us "on the edge of our seats" and, as a historical fiction book set in World War II, has taught us a lot about this time period in history. We look forward to hearing how the story ends next week!

Don't forget to join us in reading the weekly family devotions! Families are encouraged to read each week's two stories together at home. By the end of the year all the major stories of the Bible from the Old to the New Testament will be covered!
